## **AFI'S NEW STAINLESS STEEL COLLAPSIBLE DRINK HOLDER IS AN ATTRACTIVE, FUNCTIONAL ADDITION TO ANY BOAT**

Marine accessory innovator AFI announces a new collapsible drink holder that looks as good as it works — and that's saying a lot. Fashioned from attractive, marine grade stainless steel and weather-resistant high-impact plastic, AFI's Model #20065 Stainless Steel Collapsible Drink Holder will keep its good looks while it keeps hot or cold refreshments in cans, bottles, glasses or mugs right at your fingertips.

AFI's Stainless Steel Collapsible Drink Holder is sturdy enough to securely hold heavy drink containers up to 3" in diameter, yet it collapses and folds out of the way when not in use. When collapsed, all that's visible is a clean, stainless steel cover that makes an attractive addition to any console, helm station or seating area. In the AFI tradition, this drink holder is built to withstand repeated use and exposure to the harsh marine environment.

This unique drink holder is designed to mount to any flat surface and, when folded, measures only 3-inches square by 7/8-inches deep. It comes with all the necessary hardware for easy installation on any boat.

For more information about the new AFI Stainless Steel Collapsible Drink Holder — or AFI's complete line of affordable, premium quality boating accessories, contact AFI, a division of the Marinco Electrical Group, at 2655 Napa Valley Corporate Drive, Napa, CA 94558 • (707) 226-9600 • Or visit [www.marinco.com](http://www.marinco.com).
